

BIG BASS BOB'S
FISH AND FUN
WITH FATHER AND SON
(OR DAUGHTER)

Your fun filled adventure will begin at Grider Hill Marina on scenic Lake Cumberland, Kentucky, where you will be met by Big Bass Bob. You will be escorted to the charming, historic 1969 River Queen Houseboat where your gear will be stored and sleeping quarters examined and your adventure will begin. Fishing will be your main focus as the lake is plentiful with largemouth and smallmouth bass, striped bass, bluegill and catfish. After the first evening of fishing, you will be served delightful grilled dinner as the sun sets and the glimmering lights of the Grider Hill Marina shimmer on the evening lake.

After a restful night's sleep beneath the starry skies and after a hearty breakfast, another fishing adventure awaits with an intermittent landing to explore the wonders of the Lake Cumberland shoreline where fossils and geodes abound. A return to the houseboat for a swim while Big Bass Bob prepares a lunch of fresh grilled fish and vegetables that would even meet the approval of Bob Roach, Sr.

As the temperatures rise in the afternoon, then another adventure can begin as fascinating 2 hour Jet Ski ride will allow you to see more of the lake while splashing and dashing to scenic waterfalls, rock cliff lines and to the mighty Wolfe Creek Dam. As the afternoon fades, and you return to the Grider Hill Marina to begin your return home, you and your son or daughter will have made a lifetime memory that will be cherished for years to come.
